PROFESSIONAL SUMMARY

Fourth-year Information Technology student at Jose Rizal University (expected graduation: June 2027), specializing in web and application development. Experienced in building full-stack applications with React, PHP, and MySQL through a deployed capstone project. Certified in database management and JavaScript fundamentals, with a collaborative, problem-solving approach to development work.

EDUCATION

Jose Rizal University — Mandaluyong City
Bachelor of Science in Information Technology | Expected Graduation: June 2027

CAPSTONE PROJECT

Be@Mandaluyong (CCAT 4SIGHT / TCIMS) | Capstone Project
Tourism and Cultural Information Management System built for Mandaluyong City's CCAT department.

- Developed a full-stack web application using React for the frontend and PHP for the backend, with MySQL for data storage
- Implemented secure authentication using bcrypt password hashing, with role-based access control for admin and tourist users
- Built an admin dashboard with interactive data visualizations using Recharts
- Styled the interface with Tailwind CSS for a clean, responsive design

Live demo: tcimsmandaluyong.infinityfree.me
